# OFFICIAL GREETINGS

## CONIFA European President

Alberto Rischio

Welcome to Carate Brianza for the fourth edition of the Insubria European Cup 2026. This is the most important event on the European continent, and if we are here today to write another page of sport for CONIFA football, it is thanks to the work of all our Manager-Volunteers and our European Football Associations. We thank the institutions such as the Municipality of Carate Brianza and the Province of Monza Brianza for having supported this sporting proposal by endorsing the event. Hosting the European Championship at the Sportitalia Village adds prestige to the competition, as we are talking about a state-of-the-art sports centre built to welcome large-scale events. We hope to see a great many fans from Brianza and that they will enjoy this international football experience. We offer football made of passion, sacrifice, inclusion and enthusiasm... in short, the people's game.

We look forward to seeing you all on 2 June for the kick-off of Provence vs Canton Ticino!

## Mayor of Carate Brianza

"Carate Brianza is honoured to host the important football event CONIFA EURO 2026 INSUBRIA, an international tournament that creates social value and promotes our territory. As Mayor, I am very proud to welcome all the teams, coming from Italy and various nations, who take to the field in the name of sport and its great educational and inclusive values. Sport is not only competition, but a tool that unites, welcomes, and teaches respect – and has always been a harbinger of hope and peace. I express my gratitude to all CONIFA representatives for organising this competitive initiative, which represents an international celebration full of enthusiasm, dialogue, and closeness between peoples."

## Sportitalia Village

Michele Criscitiello

"It is a source of great pride for us to host an international competition like CONIFA Euro 2026 Insubria at our sports centre. This event represents the natural evolution of Folgore Caratese's growth journey, as the club prepares to step into professional football, and of the ongoing investments in the Sportitalia Village. We work every day to raise the level of our facilities and organisation, with the goal of attracting increasingly prestigious sporting events with a reach that goes beyond national borders."
